

TVC LEISURE

Gaming and Amusement Machine Supplier

January 2020 Newsletter

Welcome to our January Newsletter

Although January is generally a very slow month for the licensed trade, it hasn't transpired to be a slow month for us here at TVC Leisure. Here's what we've been up to.....

Our engineers have completed two new site installs this month, taking place in Portsmouth and Oxford, where we installed a variety of fruit machines, Winner pool tables and digital jukeboxes. A number of upgrades also took place this month, and we have installed Thunder digital jukeboxes and digital gaming machines as part of our ongoing commitment to provide our customers with the latest equipment. Follow our social media accounts to see more, as we regularly share images of our work on [Facebook](#), [Twitter](#) and [Instagram](#).

TVC attended EAG International Expo this month at the Excel centre in London. EAG is one of the largest trade shows in our industry, at which manufacturers showcase their latest range of machines and technology. A variety of new models were on display, which we are excited to introduce to our customers throughout the year.

There is currently a big focus to ensure that machines offer the option for contactless payments. Although this facility has been available on our digital jukeboxes

for some time, the technology is now available to include this facility on our pool tables too. We will begin offering these to our customers over the coming months. We were also introduced to a new payment app called YALP, which will be used to transfer money from your e-wallet to play gaming machines. Expect more information on this topic over the coming months.

After the success we had at Pub19 last year, TVC Leisure will be returning to showcase our latest range of machines at Pub20 on February 4th and 5th at Olympia, London. The Pub Show is the only dedicated trade show for the pub industry, and offers publicans the opportunity to meet with over 200 suppliers. Attendees can also attend seminars and workshops to learn from key industry figures about the latest news and trends. If you are interested in attending, here is a link to register www.thepubshow.co.uk. TVC Leisure will be located at stand B43 opposite the watering hole, so if you are planning on attending please come and say hello!

The new polymer £20 note is due to be released on 20th February, and our engineers have been working tirelessly throughout January to ensure our note acceptors are upgraded to accept the new currency with minimum disruption. We are on target to have every machine upgraded well before the note is in circulation.

February is a busy month with lots of installs, upgrades, trade shows and content to create, which I look forward to sharing with you in next month's newsletter.

As always please let me know if I can be of any assistance, or if you require any information on our products and services. Please do give me a call on 01189 121 042.

Adam Jenkins

Managing Director, TVC Leisure
